APP Store: QRing

Google Play: QRing

QRing

Charging Reminder

The red light will flash when it's charging, and the green light will flash after fully charged.

Wearing Method

Wear the ring on your suitable finger and choose a comfortable size. Suggest wear it on the index finger, middle finger, and ring finger for better monitoring of data.

Please let the sensor on the inside of your fingers for more accurate measurement of heart rate and blood oxygen when wear it.

Note

Before using and operating the device, please read and follow the following precautions to ensure optimal device performance and avoid dangerous or illegal situations.

In daily use, please choose a suitable size for your fingers, avoiding wear it too tightly, keep the dry contact area of the ring, and wipe it in time when it comes into water. If have symptoms such as redness and swelling appeared in the contact area, please stop using immediately and consult the doctor.

Secure

Please keep the charging cable and device in a dry environment when charging. Do not touch the charging cable with wet hands and avoid it being immersed in liquids such as water.

Do not disassemble or modify the battery, insert foreign objects, or immerse it in water or other liquids to avoid causing battery leakage, overheating, fire, or explosion.

Do not drop, squeeze, or puncture the battery. Avoid the battery causing the big external pressure, which can cause internal short circuits and overheating issues.
